Product Advantages

- 3 mechanism kits cover most common doors
- Stays open at any desired angle
- Opening angle and closing speed adjustments
- 3-way door gap position adjustments
- Integrated Infinity Soft-Close
- Certified for 60,000 cycles

How to Order? [Calculate your Power Factor:](#)

Important Information

- Cabinet Width: Supports up to 1200mm (47 1/4")
- Cabinet Height Range: 250 – 500mm (9 7/8 – 19 3/4")
- Door Thickness: 16–28mm (5/8 – 1 1/8")
- 107° door opening with optional restrictors

Product Application

Perfect movement starts with correct power factor specific to your door's weight and height. If two factors align, we recommend to move up to the next strength or do a trial.

Top-Stays Power Factor Formula:

Power Factor = Overall Cabinet Height (mm) x Door Weight (kg, including 2x weight of handle)
