Product Description

The partnership between Marathon Hardware and Vibo has once again set new standards in kitchen design with their latest creation, the Kombi 2.0 waste bin system. This cutting-edge solution epitomizes the essence of kitchen convenience through its innovative, bottom-mounted design, which effortlessly adapts to any kitchen configuration, be it with pullout mechanisms or hinge-operated doors. The Kombi 2.0, a product of exquisite European craftsmanship, is engineered to support a significant weight of up to 40 kilograms, demonstrating its robustness and reliability.

Designed to accommodate a broad range of kitchen layouts, the Kombi 2.0 is compatible with five essential cabinet widths - 12 inches, 15 inches, 18 inches, 21 inches, and 24 inches. Furthermore, it is versatile enough to integrate seamlessly with cabinet gables of both 5/8 inch and 3/4 inch thicknesses. This adaptability ensures that the system can be installed in virtually any kitchen, enhancing its functionality and aesthetic appeal.

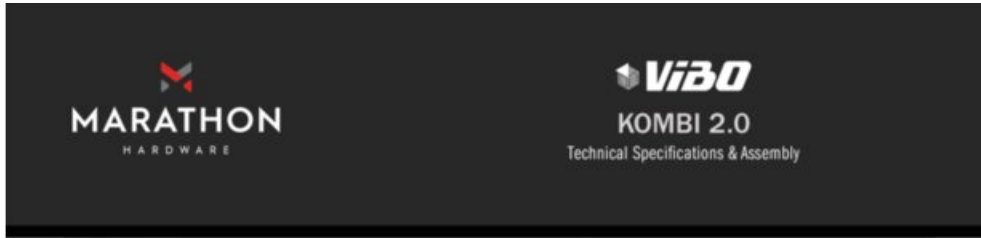

The Kombi 2.0's dedication to unmatched durability and adaptability doesn't just stop at its physical characteristics. It also reflects a deep understanding of modern homeowners' needs, offering a practical, yet elegant solution to waste management that elevates the kitchen's overall design. With the Kombi 2.0, Marathon and Vibo have truly redefined what it means to combine efficiency with style in the heart of the home.
