

VIBO FLYBOX

INTRODUCING Vibo FlyBox

The Vibo FlyBox is a modern solution for 450mm/500mm and 600mm blind corner cabinets. This easily accessible unit allows four storage boxes to be pulled out from the cabinet with minimal effort and soft-close functionality provides a whisper quiet return to the cabinet interior. Thin, yet rigid sidewalls, a high load capacity and reversible installation make the FlyBox as rugged and reliable as it is beautiful and convenient.

Product Features:

- Two sizes available: 450mm/500mm (18" / 19 5/8") or 600mm (24")
- Full soft-close
- Two drawers per tier
- Snap together storage boxes streamline assembly
- Reversible for left or right side installation, simplifying the ordering process
- Load capacity: 25kg (55lbs) per tier

Vibo FlyBox
