

M-Series LAZY SUSAN

SERIES

INTRODUCING M-Series Wood Lazy Susan

Elevate your kitchen's organization with M-Series Kidney Shaped Wood Lazy Susans.

The kit version for corner base cabinets features independently rotating shelves on an adjustable telescoping center pole. The shelf version for base corner cabinets consists of a solid shelf mounted on a pre-installed swivel base for attachment to a cabinet bottom or stationary shelf mounted within the cabinet.

The beautiful birch construction exudes timeless durability. With its built-in memory stop, the Lazy Susan ensures a consistent, tidy look every time, making it a must-have for a polished and efficient kitchen.

Product Features:

- Two shelf sizes: 28 inch and 32 inch
- Shelves are made of 5/8" UV finished birch plywood with a solid birch finger-jointed rim
- Memory stop feature to ensure shelves return to original position
- Twist and lock telescoping adjustable height pole (Kit Version)
- Pre-installed aluminum swivel base (Shelf Version)
- Load capacity: 20lbs / square foot
- Meets ANSI/BHMA A156.9-2003 - American National Standard for Cabinet Hardware - test 4.12. Grade 1
