

### Flat Shelf Holder Installation

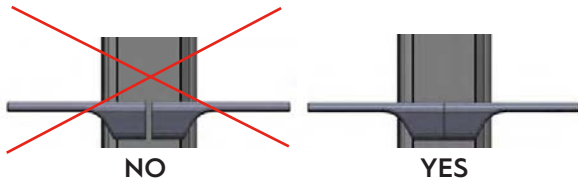

### Important Information\*

Left and Right version included with purchase, left and right installation are similar.

- A** Metal Shelf Holder, Left front version
- B** Metal Shelf Holder, Right back version
- E** Anti-scratch plastic plates
- F** 2 Hexagon socket head cap screws
- G** 4 Wood screws Ø3.5

1. Insert anti-scratch **E** on its seat.
2. Fasten the shelf holder **A** with **B** with screws **F** on the vertical style after setting them just over the shelf.
3. Make sure the two shelf holder **A** and **B** are completely closed against each other without opening.
4. Finally mount the shelf on the shelf holder **A** and **B** and fix it with screws. **G**
